Just a Moderate Loss

A new client came in and was very skeptical that hearing aids would benefit his life. He and his wife, come down from up north for the social season in our Venice area. Part of their social life includes restaurants, group events at their community clubhouse, and visits with friends. His wife enjoys going to family owned restaurants.

He was confident that his loss was not affecting him. He wasn't missing much in conversations, and he could ask those around him to repeat themselves. He was certain that it wasn't such a dramatic loss as to need hearing aids.

He wasn't aware that his loss was affecting those around him, especially his wife. It is always, those who want to talk with you that are affected by your hearing loss.

I don't know how long his wife had encouraged him to come in to have a hearing test, but he finally came in. His test showed that he has a moderate loss.

He agreed to take advantage of my offer to demonstrate hearing aids from different manufacturers and compare the sound clarity.

While wearing demo hearing aids, they went out to restaurants and visited with friends. He mentioned the devices were working well. He was able to understand in restaurants without having to change programs too often.

He also said the sounds were tinny, not his preferred sound quality, but he did hear better. This is exactly why we offer a demo comparison. His brain was looking for a different sound quality, based on his feedback. I invited him to try another manufacturer that has a mellower sound.

He came back after his second week with just one question, "why doesn't everyone help like this?"

He said I really listened to him and wasn't just telling him how wonderful hearing aids are. He said having the option to try the different sounds from each manufacturer really helped him understand that his moderate loss was affecting his friends and, more importantly, his wife.

If you are asking friends and family to repeat themselves during conversations and are wondering if you have a loss, call for a free evaluation, 941-244-9300.

Garage Sale Items

Joyce Blackney has agreed to collect items throughout the Summer for the Sandalwood Park Sale. If you have any items that you think would sell please contact Joyce at 941-451-9959 . Please refrain from donating items that are not likely to sell at a garage sale such as, televisions, microwave ovens, Christmas items, or any item that is just to "worn out" to be resold. Thank you in advance for your generous giving! This park event, although lots of hard work, has been both enjoyable and profitable for us all.

SAC Activity and Events Purchases

In order that the SAC Board can keep an accurate accounting of all purchases, it is IMPERATIVE that you use the DEBIT-CARD !! We realize that there are extenuating circumstances where businesses do not accept debit cards (i.e., COSCO). In instances such as this you MUST be given cash from the Treasurer or an appointed Board member PREVIOUS to your purchase. It may be wise for you to check with the business ahead of time to determine whether or not they will accept the card or if you will need cash. You will NOT be reimbursed for cash purchases made with your own money. And, if you are making purchases for varying items at the same business, please make them separately (i.e., food/decorations). That way, Johanna will know exactly what is spent on what and will not have to decipher your receipt, which often has only numbers and not descriptive tallies. On top of receipt write purchasers name, event, and category (i.e., decorations/prizes). It is also important for accounting purposes that you turn in your receipts to Johanna or designated Board member immediately (within a couple of days) after your purchase. If you have need of the debit card or cash, see Gail Pelliterri until Johanna returns in October.
