

Sandalwood Park News *October 2018*

Sandalwood Park Homeowners, Inc.
Venice, Florida

Published monthly by On Trac Publishing, P.O. Box 985, Bradenton, FL 34206 • (941) 723-5003

WE HAVE POWER

Neither rain, nor wind, nor lack of Florida Power and Light will prevent Sandalwood from holding any events. On Wednesday, August 29th, just in time for Tropical Storm Gordon to visit Sandalwood on Labor Day, the installation of our new generator was completed. Everything is automatic. About 8 seconds from when power goes out, the generator will automatically start. It takes about 8 more seconds for the generator to get up to speed and produce electricity. At about 16 seconds from loss of power, the system will automatically switch from FPL to generator power and all systems in the clubhouse will come alive.

The generator runs efficiently on propane and has very small carbon footprint. Two additional 120 gallon propane tanks are being added in the clothes line area next to the existing two tanks.

Once power returns, the system will monitor the FPL

power for a short period of time to make sure it is ample and steady. If it is, the system will automatically switch back to FPL power. The generator will continue to run for 2 - 5 minutes, cooling down and going through a shutdown protocol.

If you are walking by the patio at 10:00am on a Saturday, and the generator starts, don't panic. It is at that time, every week; the generator will automatically start, run a series of maintenance checks on itself and then shut down. If there is a problem, it will automatically text our maintenance service and let them know what the problem is.

The generator and storm shutters recently installed on the clubhouse are both a big step in helping to keep our property and neighbors safe and if need be comfortable. The Emergency Planning Committee would like to thank the Board of Directors for having the foresight to prepare Sandalwood for unexpected situations.

LETS STAY HEALTHY

Why Do People Fall?

Some of the reasons people fall are:

Tripping or slipping due to loss of footing or traction
Slow reflexes, which make it hard to keep your balance
or move out of the way of a hazard
Balance problems
Reduced muscle strength
Poor vision
Illness
Taking medicines
Drinking alcohol.

Illness and some medicines can make you feel dizzy,
confused, or slow.

Medicines that may increase the risk of falls are:

Blood pressure pills
Heart medicines
Diuretics (water pills)
Muscle relaxants
Sleeping pills.

Drinking alcohol can lead to a fall because it can:

Slow your reflexes
Cause you to feel dizzy or sleepy
Alter your balance
Cause you to take risks that can lead to falls.

How Can I Prevent Falling?

At any age, people can make changes to lower their risk of falling. Some tips to help prevent falls outdoors are:

Use a cane or walker
Wear rubber-soled shoes so you don't slip
Walk on grass when sidewalks are slick
Put salt or kitty litter on icy sidewalks.
Some ways to help prevent falls indoors are:

Keep rooms free of clutter, especially on floors
Use plastic or carpet runners
Wear low-heeled shoes
Do not walk in socks, stockings, or slippers
Be sure rugs have skid-proof backs or are tacked to
the floor

Be sure stairs are well lit and have rails on both sides
Put grab bars on bathroom walls near tub, shower and
toilet

Use a nonskid bath mat in the shower or tub

Keep a flashlight next to your bed

Use a sturdy stepstool with a handrail and wide steps

Add more lights in rooms

Buy a cordless phone so that you don't have to rush
to the phone when it rings and so that you can call for
help if you fall.

You can also do exercises to improve your balance

While holding the back of a chair, sink, or counter:

Stand on one leg at a time for a minute and then slowly
increase the time. Try to balance with your eyes closed
or without holding on.

Stand on your toes for a count of 10, and then rock back
on your heels for a count of 10.

Make a big circle to the left with your hips, and then to
the right. Do not move your shoulders or feet. Repeat
five times.

How Can I Prevent Broken Bones if I Fall?

Sometimes you cannot prevent a fall. If you do fall, you
can try to prevent breaking a bone. Try to fall forwards
or backwards (on your buttocks), because if you fall to
the side you may break your hip. You can also use your
hands or grab things around you to break a fall. Some
people wear extra clothes to pad their hips or use spe-
cial hip pads.

How Can I Keep My Bones Healthy?

Some ways to protect your bones are:

Get enough calcium and vitamin D each day.

Walk, climb stairs, lift weights, or dance each day.

Talk with your doctor about having a bone mineral den-
sity (BMD) test.

Talk with your doctor about taking medicine to make
your bones stronger.

Sympathy

Shirley A. Van Gilst, 82, of Goshen died Wednesday, September 5, 2018 at Green House Village after battling Alzheimer's for more than 10 years.

She was born September 25, 1935 in Deer Creek, Illinois to Arthur and Opal (Weaver) Zehr.

On August 12, 1972 she married Carl W. Van Gilst in Goshen. He survives.

Other survivors include two daughters, Debra (Kermit) Garber of New Paris and Brenda Jones of Goshen; four sons, Dale (Pam) Riegsecker of Venice, Florida, Donald (Lynda) Riegsecker and Darryl (Lori Kay) Riegsecker, both of Goshen and Scott Van Gilst of Pella, Iowa; 17 grandchildren; 30 great-grandchildren; four great-great grandchildren; and two brothers, Jacob Zehr of Lake Havasu, Arizona and James (Nancy) Zehr of Peoria, Illinois.

A long-time area resident, Shirley worked as an executive assistant for Harold A. Schrock for 30 years. She was a member of the local Elks, Moose, DAV, VFW and American Legion organizations.

The family wishes to thank the staff at Blueberry Hill for their excellent care of Shirley the past seven weeks while she resided there.

Memorial gifts may be directed to the Alzheimer's Association.

Did You Know...

As identified in our Rules and Regulations date January 10, 2018, any outside modifications to the outside of your unit must be approved by the Board. This includes, but not limited to, changes to landscaping, painting, windows, etc.

2.5 Any outside unit modification is to be completed, in its entirety within 45 days of start.

If lattice work is used to surround a patio, it can be no more than 6 feet in height, placed 12 inches off the ground for a total height of 7 feet. This will allow mowing crews too more easily trim grass.

Openings in lattice work must remain open at all times. Patios cannot be closed off with doors or gates. Outside modifications cannot exceed the specifications as identified in 2.1.

2.6 All modifications to the outside of the unit must be approved by the Board.

ATTENTION !!!

Don't leave home without it

Please remember to bring all that jewelry you have set aside for our Bustin' With Bargains BOUTIQUE. I will be arriving early January for drop offs at our home for sorting and pricing. Look forward to seeing you all then.

Halloween Party

SAC will be holding a Halloween costume party and dance on Saturday, October 27th from 7:00-10:00. Costumes are not necessary, of course, but will add to the fun. Prizes for the scariest, funniest and most original costumes will be awarded per everyone's vote. The DJ will be Michael from Quiet Fire so you know the dance floor will be full!

Please sign up on the bulletin board so we can make sure there is enough interest. Tickets are \$5.00 and can be purchased at the office starting October 1st or at the door on the 27th. This is a BYOB and table snacks to share party.

So, dress up in a costume (or not) and come enjoy the festivities. Hey, when was the last time you dunked for apples?

SANDALWOOD BOCCE

Greetings Sandalwood Bocce Players!

We hope you all are having a great summer and are beginning to think about returning to our little piece of paradise. We are just beginning to formulate plans for the Sandalwood Bocce League. To date, we have 11 teams and 3 substitutes. John Erwin, Dave Emmons and John Landis have signed up to be substitutes. Please let us know if you change your mind and wish to be on a team. While we call it a league, we are a group of friends getting fresh air, exercise and having fun. If you know or hear of a Sandalwood resident that might be interested in playing bocce, please have them email us or call us @ 413-589-9518.

We will be making up the schedule just after Christmas. Our games, like last season, will be scheduled on Tuesdays and Thursdays at 10:00am and 2:30pm each day. We try to schedule an equal number of games for each team for the season. Makeup games can be scheduled for any day the courts are open. Remember there are also lights on the courts.

Please email us back with your expected date of return, it will help us in establishing a start date for bocce.

Thanks in advance.
Holly and Tony Koss

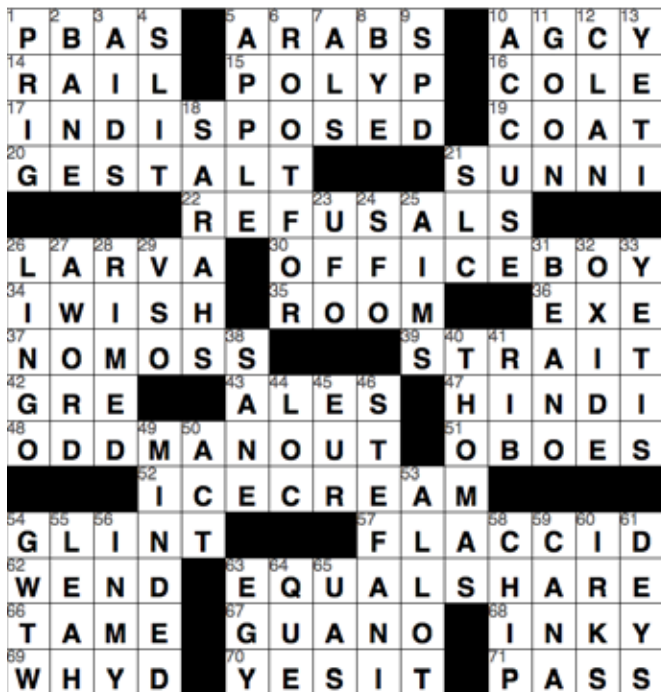

Our Triple Crown races were a huge success with a combined total of attendees at 170. Everyone enjoyed good food and dessert as well as cheering on Justify to win the Triple Crown. Betting was brisk and many won something for their handicapping expertise.

The hat contest at the Kentucky Derby had about 10 participants wearing their finest. Although a tough decision, the attendees voted Alice St Onge for the prettiest hat and Donnie Simmons for the funniest. Each winner was presented with a \$20 gift certificate to Denny's. Congratulations to the both of you.

Many thanks to Tony and Holly Koss who stoically manned the betting/payout window. Without them, we probably wouldn't be having the races. Thanks also to all those who helped out in one way or another (you know who you are).

Our annual 4th of July picnic will be held on Wednesday, July 4th (when else?) at 12:00. SAC will provide grilled hot dogs with all the trimmings, chicken and dessert. We are asking that you bring some sides to complete this wonderful meal. A signup sheet has been posted; hopefully, all have already added their names to the list. There is no charge for residents; non-residents are being asked for a \$5.00 cover charge. See you on the 4th!

American Conference of Audioprosthology

Which Model is Better?

I met Anita at a business seminar and mentioned that I worked with hearing devices. In a standard move, she showed me the aid behind her ear and asked if it was a good model.

Since I love food, I used a food analogy. I asked if she has a spaghetti sauce she likes? She looked confused and I assured her that this would help answer her question. She answered, "Yes, I like Bertolli."

I explained, one spaghetti sauce isn't better than another it depends on the person eating the sauce as to their preference. I then explained there are five major manufacturers with good reputations for building a quality product. By sampling from the five major manufacturers, she would likely discover the sound she prefers.

Anita is a very active woman, owns a company with many employees, is active in her community, has a large family and is part of a band.

Based on her lifestyle and prior hearing experiences, I recommended two manufacturers: Oticon and ReSound. The first one has a crisp sound quality and the latter one has a more mellow quality.

Also, I answered the unasked question, why didn't I recommend what she was wearing? Because, if she was confident with the sound of her current aids she wouldn't have asked my opinion.

By understanding there are different sound qualities, just as there are different flavor profiles in spaghetti sauces, she can now try them and determine which fits her preference and her lifestyle. She will have more confidence when wearing her devices that will enhance her quality of life.

If you would like an opportunity to compare different sound qualities, call us at 941-244-9300. We will help you have confidence hearing the world around you.
